SKILLS

- **Programming Languages:** C++ for DSA and Problem solving, JavaScript, HTML/CSS.
- **Framework/Tools:** React.js, NodeJs, Git & GitHub, Linux, VS Code.
- **Database:** MongoDB, mySQL.
- **Fundamentals:** Data Structure and Algorithms, Object Oriented Programming, DBMS.
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability.

TRAINING

W3GRADS & THE ANGAAR BATCH	June 2025 – July 2025
<i>Master DSA with JAVA/C++</i>	
<ul style="list-style-type: none">• Completed the FLAMES '25 Summer Training Program, an intensive course focused on Data Structures and Algorithms• Mastered Data Structures and Algorithms using both Java and C++, enhancing problem-solving capabilities for competitive programming.	

PROJECTS

Learning Management System:	Feb 2025 – April 2025
Developed a complete e-learning platform where users can browse, purchase, and access online courses.	
<ul style="list-style-type: none">• Built a modern, mobile-friendly interface using React.js and Tailwind CSS.• Designed and implemented a secure backend with Node.js, Express, and MongoDB to handle user and course data.• Developed robust RESTful APIs for efficient communication between client and server.• Integrated JWT-based authentication for secure access control.	
Food Delivery Website:	Dec 2024 – Feb 2025
Engineered a food ordering platform enabling users to explore restaurants, customize meals, and place orders.	
<ul style="list-style-type: none">• Enhanced user experience with a responsive front-end built in React.js and styled with Tailwind CSS.• Architected the backend using Node.js and Express, managing orders, restaurant data, and real-time updates.• Implemented secure user authentication and authorization using JWT.• Emphasized smooth navigation and fast response times with optimized UI/UX.	
Airbnb-like Rental Platform:	Aug 2025 – Oct 2025
Built a full-stack property rental application for listing, booking, and managing stays.	
<ul style="list-style-type: none">• Integrated role-based access control with JWT and MongoDB.• Focused on user engagement through responsive design and interactive elements using React and Tailwind CSS.• Delivered scalable REST APIs to support listings, reservations, and user data.	

CERTIFICATES

• Social Network – NPTEL, IIT Madras	Oct 2025
• Successful Career Development – Kennesaw State university, Coursera	Jan - 2026
• Introduction to Hardware and Operating System - IBM, Coursera	Sep – 2024

ACHIEVEMENTS

• Analytical skill competition – Achieved 2 nd Rank	Jan 2025
• Certifications on latest technologies - Frontend Development, Backend Development	Aug2025
• Backend Optimization– Reduced server response time by 30% by optimizing MongoDB queries.	Oct 2024

EDUCATION

Lovely Professional University	Phagwara, Punjab
• Bachelor of Technology – Lovely Professional University	Since August - 2023
BLS International School	Hathras, UP
Intermediate; Percentage: 76%	April 2021- March 2022
BLS International School	Hathras, UP
• Matriculation; Percentage: 89%	April 2019 – March 2020
